Annual Governance Report

Introduction

This Report describes how the Authority is led, directed and managed to ensure that the agreed aims and objectives are achieved. LPFA's corporate governance framework is modeled on guidance issued by the Chartered Institute of Public Finance and Accountancy for Non-Departmental Public Bodies and The Society of Local Authority Chief Executives and Senior Managers. It has, however, been adjusted to reflect best local government practice as it applies to LPFA given its unique status as a statutory corporation and pensions fund administrator.

In March 2007 Board Members gave authority to seek independent legal advice on LPFA's governance arrangements. The primary cause for concern was the prescription on the delegation of powers to officers and a review of Standing Orders which had not been subjected to a formal review for many years. The review had the overall aim of establishing a robust, modern governance framework incorporating current best practice and legislative developments.

The review resulted in the creation of a Constitutional Document bringing together all of LPFA's governing documents and codes, which had been reviewed, updated and approved by Board during the year. Although some elements of the review will be progressed during 2008-09, for example the production of a governance handbook for all staff, the Board approved the Constitutional Document at its 1st April 2008 meeting.

Statutory constitution

The LPFA was established as a Public Body on 31st October 1989 by 'The Local Government Reorganisation (Pensions etc.) Order 1989' [SI 1815]. The Order is the primary instrument for the LPFA's powers and duties which, in the context of Fund administration, are very similar to those of local government authorities. Subsequent to that Order, further powers and duties, mainly to do with post GLC residual issues, have been transferred to the Authority.

Sources of funding

The LPFA has three primary sources of funding for its activities: the Pension Fund, charges for Agency services, and a levy on London boroughs.

The Constitutional Document

The key elements of the governance framework were reviewed during the year and updated where necessary to comply with legislation and current best practice and also to strengthen accountability and increase transparency. The Constitutional document was adopted by the Board at its meeting in April 2008 and now brings together all the governing documents, codes and guidance notes into one comprehensive document. The Document contains:

- Standing Orders
- Matters reserved for decision by the Board
- Terms of Reference of the Standing Committees
- Code of Conduct for Members
- Code of Best Practice for Members
- Scheme of Delegations to Officers
- Contract Standing Orders
- The Code of Conduct for Officers

The Document is provided to all Board members and senior officers of the Authority but is also published on the corporate website at www.lpfa.org.uk.

The Board

has a fiduciary duty to:

- the members of the Fund to ensure monies are collected, that benefits are calculated correctly and paid promptly, and that any surplus monies are properly and prudently invested;
- employing authorities in the Fund for maintaining the agreed funding strategy; and
- to the council tax payers of London in respect of expenditure falling to be met from the levy.

and is accountable to:

- the Mayor and the Greater London Authority (GLA) for the proper management of the Authority's affairs;
- the employing authorities in the Fund and scheme members for the proper administration of the Scheme; and
- to agency clients for the operation of their administration contracts.

Board appointments

are the responsibility of the Mayor and the process is operated by the GLA in consultation with London Councils. It is by open advertisement and subject to independent scrutiny. There were two new appointments to the Board during 2007-08; Shiria Khatun and Peter Lang were both appointed, following consultation with London Councils, with effect from August 2007 bringing the Board up to its full complement of 11 members for the first time since July 2006. Board member biographies are show Annex 1.

The Standing Committees

Much of the substantive work of the Board is now conducted through four standing committees. Each Committee is empowered to carry out the specific duties set out in its terms of reference. Beyond these specific delegated powers, the Committee acts as an advisory body with no executive powers, but is authorised to investigate any activity relating to or compatible with its terms of reference. Except where the Committee has been specifically authorised by the Board, the Committee will make recommendations for determination by the Board.

The terms of reference of each of the Standing Committees were reviewed by the Board as part of the governance review during 2007-08 following receipt of formal recommendations from each Committee. The terms of reference of each Committee are included in the Constitutional Document as are items reserved for Board determination.

Advisers to the Board

The Board has two independent external investment advisers who attend meetings of the Investment Committee and report annually on LPFA's investment actions. The Fund Actuary is a Senior Partner with Hymans Robertson and attends meetings of the Investment Committee to advise on funding and liabilities as they impact on investment strategy.

Corporate Management

The Corporate Management Team is responsible for implementing the Board's decisions and for the day-to-day management of the Authority's affairs.

Chief Executive Mike Taylor leads the strategic, long term development of the LPFA.

Investment Director Vanessa James is responsible for investment policy and strategy, the investment management arrangements, monitoring the performance of the Fund and investment managers against the targets set.

Pensions Administration is managed by two Assistant Directors, Annemarie Allen and Mike Allen, who report directly to the Chief Executive. They deliver the core functions of pension administration including central processing, pensions and staff payroll and technical training.

Director of Organisational Development, Susan Martin, has responsibility for Human Resources and has a brief to work across the authority to review, shape and position LPFA.

Reporting and controls

External Review

LPFA is subject to external audit by the District Auditor, appointed by the Audit Commission. They ensure that public funds are properly safeguarded and accounted for, and provide value for money in accordance with the statutory and regulatory requirements.

An Annual Governance Report provides their opinion on the financial statements and a value for money conclusion.

Internal Review and Control

PricewaterhouseCoopers provide internal audit arrangements within the LPFA, both as a tool of management and with direct reporting to LPFA's Audit Committee. Their audit reviews take place on a phased basis throughout the financial year and their recommendations are reported to each Audit Committee meeting and progress against each recommendation closely monitored.

Strategic Performance Plan

The Authority submitted a strategy statement to the Mayor by the 31st December setting out LPFA's objectives and plans over the three year period from April 2008 to March 2011.

The plan is spearheaded by a Mission Statement and five Strategic Objectives which will be delivered by a number of key projects. All managers were engaged in the process to ensure consultation, coverage and links to budgets.

Annual Report and Accounts

In recent years the Annual Report and Accounts has comprised the Annual Report, a Performance Report, a Governance Report, an Investment Report and a Financial Report.

The LGPS Administration Regulations 2008 introduces a requirement from next year to produce a 'pension fund annual report comprising the reports detailed above and the Funding Strategy Statement, the Statement of Investment Principles and the Communications Policy Statement.

The Authority has decided to publish these documents this year in electronic form on its website.

A separate document "LPFA - progress through innovation – a review of 2007-08" has been produced in both electronic and printed form. This document contains extracts from all of the reports built into a cohesive narrative designed to emphasise LPFA's innovative approach to investment strategy and administration solutions.

System of Internal Control

The Accounts and Audit Regulations 2003 set out the formal requirement to publish a Statement on Internal Control with the financial statements. The Authority is required to review, at least once a year, the effectiveness of its system of internal control and this is conducted separately from the accounts by LPFA's Audit Committee.

Risk Management

Risk management is a standing item on Audit Committee agendas and the corporate risk register and the Authority's risk appetite statement are regularly reviewed by both the Audit Committee and Board.

Fraud and irregularity

There were no incidences reported during the year. A new Fraud Control Framework setting out the Authority's approach and commitment to fraud prevention and detection and an action plan for 2008-09 was approved by Audit Committee and published on the corporate website.

Representation

The Fund Member Panel met twice in 2007-08 and had a formal half-day training course on topics in the areas of investment and pension administration. Discussion in the Panel meetings included the purpose and remit of the panel. During the year members received a presentation on the investment strategy from Vanessa James, Investment Manager and from Mike Taylor on LPFA's strategic objectives and vision.

An employer forum was held in November 2007 to discuss the new LGPS aimed at helping employers understand and implement the scheme. Information on the LPFA investment strategy was also presented to the 100 people representing 60 employers.

The Fund Member Forum was held in September 2007 and contained presentations from the Chief Executive and Chairman. External speakers at the event were Sir Henry Cooper (Former Boxer) and Lord Herman Ouseley (Former Head of the Commission for Racial Equality).

Public Policy statements

Statement of Investment Principles (SIP)

The SIP provides an overview of the responsibilities, process and conduct in the management of the LPFA pension fund investments. The SIP was last amended in February 2006 and will be reviewed again during 2008-09 to take into account the new responsible investing objective and the updated active sub-fund investment strategy.

Funding Strategy Statement (FSS)

The purpose of this statement is to establish a clear and transparent fund specific strategy which identifies how employers' pension liabilities are best met in future years, to keep their contribution rates as constant as possible and to take a prudent longer-term view of funding those liabilities. It is available on the LPFA web site and was reviewed and amended during 2007-08 as part of the 2007 Fund valuation.

Governance Policy Statement

The Statement shown at Annex 3 sets out how the administration of the Fund is governed and Annex 4 shows LPFA's compliance with a set of best practice principles issued by Communities and Local Government. Compliance statements are intended to ensure transparency, accountability and stakeholder involvement. It should be noted that the LPFA has no power to appoint additional Board members but, as part of the recent governance review, an amendment has been made to the Standing Orders which allows the Board, at some future date, to appoint lay members (without voting rights) to the Board and/or its Committees if it so wishes.

Communications Policy Statement

This describes how the LPFA provides information and publicity relating to the Scheme, and the frequency, format and method of distribution, to members, representatives, employers and potential members of the scheme.

Corporate Equality Plan (CEP)

The CEP is currently being restructured following an external review of equality and diversity practices and the proposed new document will focus on achievements and future plans.

Environmental Plan

Key performance indicators have been set covering paper purchases, printing costs per customer, waste disposal, waste per member of staff and the recycle rate of waste; all targets were met for 2007-08.

The 'approved supplier' register was maintained during the year and confirms that LPFA seeks to do business only with suppliers and contractors who have environmental (and Health & Safety and Equality) policies compatible with LPFA's.

Exercise of Discretions under LGPS

Under the LGPS Administration Regulations 2008, the LPFA was required to produce a written statement of its policy in relation to the exercise of its functions under four specific areas of discretion; these have been published on the Fund member website. The policy on the remaining discretions will be reviewed throughout 2008-09.

Health & Safety

Officer's monitor performance with regard to Health and Safety and report annually to the Board. The report, available on the corporate website, covers accidents, general fire safety, electrical equipment, display screen equipment, housekeeping and premises, training, and emergency procedures.

A new external Health and Safety provider has recently been re-appointed to carry out risk assessments and training.

Freedom of Information (FOI) Scheme

During 2007-08 a total of 12 requests for information were received. These were in respect of private equity investment, valuation reports and investment in the arms trade. The Chairman reviews all requests and is formally made aware of cases of non-disclosure. All of the 12 requests were satisfied within the statutory timescales.

Standards of behaviour

The Code of Conduct and Codes of Best Practice for Board members were reviewed as part of the general governance review. They were amended to mirror the provisions of the Local Authority Code of Conduct and also introduced a regime of self regulation in terms of standards of conduct.

Staff code of conduct

The code of conduct was revised as part of the governance review resulting in the creation of a staff register of interests and areas of conflict relating to suppliers.

Governance Policy Statement

The LPFA was established as a Public Body on 31st October 1989 by 'The Local Government Reorganisation (Pensions etc.) Order 1989' [SI 1815]. The Order is the primary instrument for the LPFA's powers and duties, which in the context of the Fund administration are very similar to those of local government authorities.

Appointments to the Board, and thereby the assignment of voting rights, are the responsibility of the Mayor in accordance with the provisions of SI No. 1815 which require there to be between seven and eleven members, of which one half, excluding the chairman, are to be appointed following consultation with representatives of local government in London.

The appointment process is operated by the Greater London Authority, and is by open advertisement and subject to independent scrutiny. The terms and conditions of appointment are set out in a formal letter which includes the length of appointment, remuneration, and details of the role and responsibilities of members.

The LPFA Board operates under a framework of corporate governance and undertakes its responsibilities with reference to Standing Orders, which are similar to those found in all local authorities and prescribe all activities relating to the conduct of Board business. These Standing Orders are incorporated into the Authority's Constitutional document and represent the fundamental underpin of corporate governance; they may only be amended by formal approval of the Board.

The Constitutional document details matters reserved for decision by the Board and outlines the terms of reference of the two principal standing committees ~ Investment and Performance and Administration. The governance arrangements of the LPFA are monitored and reviewed by the Audit Committee as part of the arrangements for internal control.

The Committees have certain delegated powers and are empowered to carry out specific duties set out in their terms of reference and these are shown in the Constitutional document which can be accessed from the LPFA web site www.lpfa.org.uk

All meetings of the Board are open to the public. Currently the Board meets five times a year, the Investment Committee four times and the Performance and Administration Committee quarterly.

The principal officers of the LPFA have certain statutory and formal responsibilities. Executive powers are delegated to the principal officers under scheme of delegations which sets the parameters within which the officers can implement Board and Committee decisions and operate the day-to-day business of LPFA.

While there are currently no employer or fund members on the Board, representation is facilitated through the use of the Fund member panel, the employer panel and the HE Sector Consultation Group covering universities and colleges.

The panels meet at least twice a year and all panel members are invited to attend Board meetings as an observer. The activities of the panels and the consultation group are reported to the Board.

This policy statement will be reviewed annually, and revised and re-published following any material change in the above arrangements.
